

You're Invited to a Movie Premiere!

Best Beginnings has a new video, *Babies on Track*, a tour of Alaska's babies and how to help them grow healthy, happy, and ready to learn. You can help your children develop language, communication, and social skills just by sharing everyday activities with them. As a treat, we have two new baby board books, too:

Our Alaska Family (baby faces)
Let's Talk Alaska! (Alaska objects).
